January 25, 2021

Brothers and Sisters of the Movie Industry Bargaining Unit,

This is a reminder of the changes made effective March 13, 2020. At that meeting the membership voted and ratified the current Hiring Hall Rules. Per those rules, both Dues and Hiring Hall fees only pay for the Calendar month for which they are paid. It doesn't matter whether you pay the first or the last day of the month, the Fees or Dues are only for the Month of which they are paid. For example, if you paid for February on the 1st of the month or the 28th you would only be current for the month of February.

Thank you for your hard and perseverance from the challenges of Covid-19 and the effects it has had on everyone. We will bounce back and make a new beginning for everyone.

Fraternally,

Grant Edwards

Business Agent
