Therefore, the parties agree to establish a Joint Labor Management Committee which will meet quarterly to maintain open and ongoing communications. The primary purpose of the meetings will be to share information and discuss and resolve issues of mutual concern. No decision or action of the committee shall contradict or otherwise change the terms or provisions of the Agreement.

Consequently, the offices normally remain fully open and operational on all scheduled workdays, so that the employees can be offered the opportunity to work a full schedule on a regular basis.

However, at times, emergencies such as inclement or severe weather can disrupt Company operations. In such instances, the Company at its sole discretion will determine whether to close or cancel the operations and will endeavor to notify all schedule employees either by text or telephone at least two (2) hours before the scheduled start time for the employees.

When the Red Cross is officially open, each employee is expected to make reasonable efforts to report to work in inclement weather situations. If weather or traveling conditions delay or prevent an employee from reporting to work, he or she must utilize the call-out process and notify his or her supervisor as soon as possible. The Red Cross Management team, after consulting supervisors, will make the final decision as to whether it is safe for staff to travel. If the Red Cross Management team deems it unsafe to travel it

will not count towards the attendance policy. Employees who do come in for a scheduled shift, when the office is open and are late due to severe weather conditions will be considered an "excused" late and not count as an occurrence under the ARC Attendance Policy.

If an early closing is declared during a workday all employees who arrive at work may be compensated for their normal workday, regardless of the number of hours actually worked. Employees who do not report to work will use a day of accumulated PTO, if he or she chooses the employee may take the day unpaid.

If an employee is taking paid time off or is out of the office on business during office closures, the employee will not be given credit for full or partial days of closures.

a chemical test to determine the presence of alcohol or illicit drugs. In addition, all employees involved in a personal injury or vehicle accident while in the course of their employment may be required to submit to a chemical test as soon as practicable after the injury or vehicle accident.

Section 2. Drug Use: All employees are prohibited from the unlawful or unauthorized possession, use, abuse, manufacture, distribution, theft, purchase, sale or dispensations of illicit drugs, drug paraphernalia, illegally controlled substances or alcohol while on ARC property, while in an ARC vehicle or while performing ARC business. This policy does not prohibit the possession and proper use of lawfully prescribed drugs or over-the-counter non-prescription drugs taken in accordance with the prescription. Employees using legally prescribed drugs during work who have any reason to expect that such use may affect their ability to perform that work or otherwise pose safety concerns must report this fact to management. This, however, does not extend any right to report to work under the influence of medical marijuana or to use medical marijuana at the workplace. While the use of marijuana has been legalized in some states for medicinal and recreational uses, its use at the workplace is prohibited under this policy, subject to applicable law.

The Company will assist the employee in any way possible to obtain necessary help or treatment, including the granting of an appropriate leave of absence in order to allow the employee to be treated and rehabilitated. Nothing in this policy, however, is intended to make an employee immune for misconduct which is committed before an employee reports a drug or alcohol problem to the Company, but which is not discovered until after an personal injury or vehicle accident or reporting occurs.

If an employee has not come forward to voluntarily seek rehabilitation, but has tested positive for drugs or alcohol, the employee may be subject to discipline up to and including termination. Available time off for bereavement leave will be pro-rated for regular part-time staff regularly scheduled to work twenty (20) hours or more per week based on their standard hours. Employees who work less than twenty (20) hours per week, temporary employees, or part-time on-call employees, are not eligible for bereavement leave. In administering this policy, the Red Cross may require verification of death and relation to the deceased.

ARTICLE 26 - JURY DUTY

The Red Cross realizes that it is the obligation of all U.S. citizens to serve on a jury and appear as a witness when summoned to do so. All employees will be allowed time off to perform such civic service as required by applicable law. An employee summoned for jury duty or to appear in court must notify management, submit a copy of the summons as soon as it is received and keep management informed of the dates and times of service as soon as they are known. Upon the conclusion of jury service, employees should obtain a certificate from the clerk of the court verifying the dates of service. If the length of jury service will cause a hardship for the Red Cross, the Red Cross may request that the court either postpone or excuse the employee from service.

An employee serving on jury duty will be paid his or her salary at the regular rate of pay (not including overtime or special forms of compensation such as incentives, commissions, shift differentials or bonuses) for up to ten (10) days will be reviewed on a case-by-case basis.

Employees must report to work on days when their services are not required by the court and are expected to return to work on any day or partial day or at least four (4) hours when services are not required by the court. Any request to deviate from this procedure requires management approval.
